## Supervisors in Monthly Session

The Sonoma County Board of Supervisors met Monday for the regular March session and will be in session daily the balance of the week.

The petition and protest from citizens in the vicinity of Aguirre relative to a roadhouse, was received and filed, after which Mrs. Richards spoke in support of the petition. The matter was set for hearing Friday morning.

The proposed organization of a Sonoma County Chamber of Commerce was presented to the Board and the movement was given the endorsement of the Board.

In response to a letter containing the request County Surveyor Geo. H. Winkler was granted 60 days further extension or leave of absence from the state.

A resolution was adopted accepting the dedication to public use of Fifth Street West, lying outside of the city of Sonoma, the city having accepted that portion lying inside the city limits.

Considerable time was devoted to the consideration of road and other bills and claims against the county, after which adjournment was taken until Tuesday.

Chairman H. W. Austin presided and Supervisors Lyman Green, Chas. L. Patteson, William King and Blair Hart were in attendance.

Suit to Quiet Title

E. T. Casson began an action Tuesday in the Superior Court against John Tennent, Archibald, Tennent, Samuel I. and Samuel J. Tennent, Benjamin D. Vassar, Thomas Spring and John Spring. The suit is to quiet title to property on Fifth Street East, in Sonoma Robert A. Poppe and R. F. Crawford are attorneys for the plaintiff.

Lieutenant Bague accomplished a sensational and daring feat Sunday last by flying over the Mediterranean sea from Antilles to the island of Gorgona, off the Italian coast, a distance of 124.5 miles, in a Blériot machine. The flight was begun at 7:30 a. m. and ended at 1 p. m. No vessels accompanied his flight.

## Dr. Burke May Have Bright's Disease

Former Justice J. A. Cooper of the First District Appellate Court has been retained and is now associated with Attorneys J. Rollo Leppo and William H. Cowan in defense of Dr. Willard P. Burke. The indications are for a long and bitter technical struggle to prevent the judgment of the Superior Court from being carried into effect.

Dr. M. A. Murray, Dr. R. M. Bonar and Dr. J. Clark, three of the medical students of Sonoma county, have made a very careful examination of Dr. Burke this week, and are prepared to furnish affidavits or testify to the fact that he is suffering from Bright's disease.

It has been learned that prior to her departure this week for Berkeley to reside, Lu Etta Smith called at the county jail where Dr. Burke is confined, with a view of having an interview with him, and make an attempt to secure from him some settlement on the child of which she claims he is the father. Mrs. Burke was with her husband at the time and the interview did not take place.

Suspend Minimum Clause

The Sonoma County Co operative Poultry Association at a meeting held in Santa Rosa Saturday afternoon voted unanimously to suspend for 60 days the clause of its contract with the Sonoma Fruit & Produce Co., making the minimum price of eggs 20 cents per dozen for choice and 17 for seconds.

This action was taken without prejudice to the right of the association to force the terms of the contract later if it was desired to do so. In return for this consideration the Co. has agreed to pay the producers within one cent per dozen of top S. F. Dairy Products Exchange quotation for choice and three cents differential for seconds.

The meeting of the Association was the largest gathering of Poultrymen held in Santa Rosa in years.

There were many present who were not members, and at the conclusion of the meeting many stepped forward paid their dollar and enrolled as members of the association. The general sentiment was in favor of maintaining the contract with the Co. as it had given the producer better treatment than had ever been the case with other contractors.

The suspension of the contract will allow the company to meet competition during the present unnatural conditions without injury to themselves, and at the same time keep together their large trade. Arrangements can be made within 60 days for a full and satisfactory settlement of the present difficulties.—Press Democrat.

Assessments Began Monday

Monday the Assessors took the field and began the listing of assessable property.

That is the one day in the year when everybody is supposed to have less than any other day; where there is more cash on hand and less in the banks than on any other day; when merchants run their stock down to bedrock; when \$4000 autos dwindle in value to "you can take it off my hands at \$150"—a bluff that is never called. When \$200 trotters shrink to chicken feed skates and fine wagons are wrecks. When thousands of dollars, concert grand pianos are only worth \$60 and well to do people are in terrible straits.

Thus it is annually, and thus it will be until the present system of taxation is on tap. How would you like to be the assessor man?—Republican.

The Senate Judiciary Committee has reported an amendment to the embezzlement law providing punishment of one month imprisonment for each \$100 embezzled and not returned for one convicted of the crime of embezzlement or grand larceny. This punishment is additional to that now prescribed by law.

Grinding out a newspaper with an automobile, the publishers of the Carson City News have printed their paper even when the power was shut out, and have duplicated an incident which has but one known parallel in the newspaper history of the country, namely, when type for a Philadelphia paper was set by their power automobile. A Maxwell runabout was used at Carson City. It was run into the press room, the rear end of the car jacked up and placed on timbers, a rear tire taken off, a counted shaft installed and with the lacing up of the belts, one linotype was in operation.

## Organize County Chamber of Commerce

Wednesday morning at 11 o'clock  
the boosters for Sonoma county met  
at the horticultural room in the court  
house at Santa Rosa and the Sonoma  
County Chamber of Commerce was  
organized. Delegates from all over  
the county were present and the  
first matter of importance to come  
before the assembly was the selection  
of officers. The election resulted in  
the selection of John P. Overton,  
chairman, and E. H. Brown, secretary.

The question of by-laws then came  
up and J. P. Overton, H. M. Le-  
Baron and E. H. Brown were chosen  
as a committee to draft the necessary  
laws which will be presented for  
adoption at the next meeting, which  
will be held on Wednesday, April 5,  
at 11 o'clock, in Santa Rosa.

Emmet Olmsted, of Petaluma, then  
put a motion before the house to  
have two delegates from each town  
or city that had a Chamber of Com-  
merce, and two from those who have  
not a central head, for boosting.

These two delegates will be al-  
lowed one vote when questions of  
importance come before the general  
assembly.

The proposition put before them  
from the Southern Pacific for a story  
or the Sunset was favorably received.  
The scheme is to have a booklet  
dealing with every section of Imperial  
Sonoma, and pointing out the ad-  
vantage in each corner of the county.  
— Republican.

## County Money On Hand

County Treasurer Glenn F. Mur-  
dock has completed his regular  
monthly report for February, and it  
shows the following amount for dis-  
bursements and receipts:

Disbursements—Estate of deceased  
persons fund, \$208.90, and hospital  
\$2528.28; rebate fund, \$9.45; road  
fund, \$5607.17; school fund; \$487.85  
general fund, Supervisors, \$3227.58;  
Receipts—Collateral inheritance  
tax, \$1781.23; road fund \$12; school  
fund \$284.45; state fund \$32; teach-  
ers and library fund \$12; law library  
fund \$73; general fund \$2058.81;  
salary fund \$1303.10; tax redemption  
trust fund \$206.49; total \$17,348.92  
Balance February 1, 1911, \$419.  
\$37.85; total \$436,486.77. Disburse-  
ments, \$49,803.76. Balance March  
1, 1911, \$386,683.01.

## Soldiers Rushed to Border

The past week has been one of  
unusual activity in the army and navy.  
Thousands of men have been ordered  
to the Mexican border.

Some authorities claim this move  
was made to see how quickly Uncle  
Sam can gather his forces, while  
others cry "War! War!" Again  
others contend that the move was  
necessary to protect the Americans  
and their interests.

Whatever the reason or cause for  
such concentration of forces remain  
to be seen, but our wise uncle  
evidently wants to be on the job,  
and ready for any emergency.

## Physicians Disagree

Dr. J. W. Jesse, Dr. S. S. Bogle  
and Dr. Jackson Temple have exam-  
ined Dr. Willard P. Burke for evi-  
dences of Bright's disease which three  
other physicians have declared he  
suffered from.

The three physicians named above  
are evidently opposed to the views  
shared by their fellow practitioners  
or it is known they have prepared af-  
fidavits which were presented to  
Judge Seawell Thursday morning in  
opposition to the other affidavits.

## Basket Ball

The Sonoma Independent's will  
play the Alamo Club tonight in  
Union Hall at 8:15. A fast game is  
expected. Admission 25 cents.

## The Worst Storm in Years

The worst storm in years visited  
the state of California the past week.

On Saturday last the rain began  
to fall in torrents and many thought  
it was a cloud burst, but it continued  
to fall with almost equal force Sun-  
day. On Monday the rain continued  
and streams began to leap their bank,  
and pour over the grainfields and  
orchards, and inundate the whole  
state.

In the Shasta region the snow fell  
in great quantities, piling up in huge  
drifts and bumper railroad traffic  
and pedestrians. Trains were forced  
to stop and passengers prepared for  
a long siege of idleness, and railroad  
traffic was abandoned for two days.

More rain fell in the northern part  
of Santa Barbara county than any  
other place. The historic old Santa  
Ynez mission was badly damaged  
and many other places damaged.

For a while Watsonville was under  
five feet of water and forty families  
are homeless. Much suffering is  
reported at this place.

San Jose reported the highest  
water in the history of the city,  
many of the streets being under four  
feet of water, and water ran over  
bridges two feet deep.

The main lines of the Southern  
Pacific were completely tied up and  
hundreds of laborers are working to  
repair the damages.

In Sonoma Valley the rains were  
unceasing Monday evening the  
Northwestern passenger train was  
delayed for three hours by the high  
waters and was forced to run by way  
of Wingo, Buchli and hence to Shell-  
ville.

Tuesday morning the Southern  
Pacific morning passenger train could  
not proceed farther than opposite the  
Hall vineyard owing to a serious  
washout of the tracks at that point.  
Several passengers who were  
desirous of reaching Napa, were  
forced to drive there from Sonoma.

After several hours a temporary  
track was laid around the washout  
and trains resumed their route run-  
ning several minutes late.

Shellville looked more like a lake  
than anything else and in some  
places along the county road the  
water was four feet deep. Crops  
were washed out and drowned out.

El Verano had considerable water  
to contend with, but no serious  
damage was done.

Sonoma escaped injury, but looked  
more like a drowned rat than any-  
thing else during the storm.

## Woman's Club Notes

The annual meeting of the  
Woman's Club was held last Friday.  
It was announced that the benefits  
kindly given by the Don Theatre  
had netted the club \$23.85 for the  
free fund, and Mr. Collins was given  
a unanimous vote of thanks.

The committee of Philanthropy  
had collected \$30.25 and had paid  
out \$15.75, leaving a balance on  
hand of \$14.50.

The History and Landmark section  
reported a very favorable outlook  
for securing \$5000 from the state for  
the repair of the mission.

The club contains 84 active  
members.

The treasurer's report was as fol-  
lows:

Total receipts.....\$2141.63  
Expenses.....862.92  
Balance on hand.....1278.71  
Balance on hand distributed  
as follows:  
General fund.....83.49  
Philz.....1087.51  
Mission.....106.16

The following officers were elected  
for the ensuing year:

President, Mrs. G. H. Hotz; 1st  
vice president, Mrs. F. Duhring;  
and vice president, Mrs. Rea Hunter;  
recording secretary, Mrs. John

comb Riley. Mrs. Stearns will  
give a report of the work being done  
at the State Reform School at Pres-  
ton.

## Article on Our Schools

The people of Sonoma county can  
be justly proud of their school, for  
they rank among the best in the state  
of California. A ample provision has  
been made for the public school edu-  
cation, and the children in the small  
rural schools are assured of almost as  
good a primary and grammar train-  
ing as those of the most populous  
districts. School houses are scatter-  
ed through the hills and valleys the  
entire length and breadth of the  
county, and no corner is too remote  
but that it has its own little district  
school.

The higher public school education  
has not been forgotten and high  
schools have been established at Cle-  
verdale, Healdsburg, Santa Rosa,  
Sebastopol, Petaluma and Sonoma.  
These all rank high as educational  
institutes and according to the grade  
of work done are placed on the  
accredited list of the State Uni-  
versity.

The people of the county may be  
more fully informed as to the num-  
ber of school districts, the number  
of census children and the number  
of children attending school, and the  
cost of maintaining the schools an-  
nually, the following figures as  
shown in the last annual report of  
the superintendent of schools are given:

Elementary Schools—Number of  
districts, 149; number of census chil-  
dren, 1910 11, 10,659; average daily  
attendance, 1909 10, 5980; number  
of teachers employed, 252; amount  
paid for teachers' salaries, \$175,  
890.59; amount paid for contingent  
expenses, supplies, etc., \$37,948.64;  
amount paid for sites, buildings,  
furniture, etc., \$17,429.66; amount  
paid for library books and apparatus,  
\$4,992.41.

Amount received from state taxes,  
\$117,342.10; amount received from  
county taxes, \$93,655.49; amount  
received from district taxes, \$5115.  
45.

The valuation of elementary school  
property in Sonoma county is as fol-  
lows:

Value of lots, buildings, furniture,  
etc., \$497,385.00; value of school  
libraries, \$32,285.00; value of school  
apparatus, \$15,050.00; total value of  
school property, \$544,740.00.

High Schools—Number of high  
schools, 6; average daily attendance,  
1909-10, 706; number of teachers  
employed, 33; amount paid for  
teachers' salaries, 1909 10, \$12,  
663.00; amount paid for current  
expenses, supplies, etc., \$17,188.74;  
amount paid for buildings, \$20,  
534.37; amount paid for books,  
1909 10, \$1,259.22; total expenses  
for the year of 1909 10, \$80,544.33.

Sources of revenue for the support  
of high schools are as follows:  
State taxes, \$9,103.09; special  
taxes, \$60,758.69.

Value of high school property in  
Sonoma county: Lots, buildings

## Ruef in Prison

Abe Ruef, former political boss of

Quentin and after a long ride in an  
auto through mud, arrived there at  
6:42 Tuesday night to begin his 14  
year term for bribery.

He took five suit cases of clothing  
and books with him. He was clean  
shaven with his hair cropped close to  
his head, which showed the strain he  
has been under for the past few  
months.

telephoned the Press that he is con-

viding sufficient support can be given  
the meet. Over 6,000 tickets were

such an exhibition might draw to

## NATURE'S ESSENCE.

Extracted From Forest Plants.

Nature's laws are perfect if we obey them, but disease follows disobedience. Go straight to nature for the cure, to the forest; there are mysteries here that we can fathom for you. Take the bark of the black-cherry tree, the root of the mandarin, stone root, queen's root, bloodroot and golden seal root, make a scientific, non-alcoholic extract of them with just the right proportions and you have Dr. Pierce's Golden Medical Discovery.

It took Dr. Pierce, with the assistance of two learned chemists, eight years of hard work experimenting to make this vegetable extract and alternative of the greatest efficiency. Just the sort of remedy you need to make rich, red blood, and cure that lastitude and feeling of nerve exhaustion. Dr. Pierce's Golden Medical Discovery bears the stamp of SCIENTIFIC APPROVAL and has sold more largely in the past forty years than any other blood purifier and stomach tonic. The refreshing influence of this extract is like Nature's influence—the blood is purified and enriched—the vital fire of the body burns brighter and the increased activity consumes the tissue rubbish which has accumulated in the system. Dr. Pierce, the founder of the Invalids' Food and Surgical Institute, Buffalo, N. Y., and a physician of large experience and practice.

It was the first to make up an extract of native medicinal roots without a particle of alcohol, which purifies the blood and tones up the stomach and the entire system in Nature's own way. The Golden Medical Discovery is just the tissue builder and tonic you require when recovering from a hard cold, grip, pneumonia, or from a debility taking fever. No matter how strong the constitution the stomach is apt to get "out of kilter" now and then, and in consequence the blood is disordered for the stomach is the laboratory for the constant manufacture of blood. Dr. Pierce's Golden Medical Discovery strengthens the stomach—puts it in shape to make pure, rich blood—helps the liver and kidneys to expel the poisons from the body, and so cures liver and kidney troubles. If you take this NATURAL BLOOD PURIFIER AND NERVE TONIC you will assist your system in manufacturing each day a pint of rich, arterial blood, that is invigorating to the brain and nerves. The weak, nervous, run-down, debilitated condition which overworked people experience is usually the effect of poisons in the blood; it is often indicated by pimples, it is often appearing on the skin, the face becomes thin—you feel "blue." Dr. Pierce's Golden Medical Discovery cures all blood humors as well as being a tonic that makes one vigorous, strong and cheerful. Dr. Pierce's Golden Medical Discovery EXPOSES AS ONE AS THE ONLY MEDICINE FOR STOMACH, LIVER AND BLOOD DISORDERS THAT HAS THE INGREDIENTS PRINTED ON THE WRAPPER OF EVERY BOTTLE LEAVING NO ROOM FOR DOUBT AS TO THE TRUTH OF THE GREAT LABORATORY AT BUFFALO, N. Y., WHICH CURES IN NATURE'S OWN WAY; NOT ONLY DOES IT STAY ALONE IN RESPECT TO ITS INGREDIENTS BEING KNOWN, BUT ALSO AS THE ONLY TONIC AND RESTORATIVE WHICH ABSOLUTELY CONTAINS NO ALCOHOL.

"I was taken with a severe cough, was in my bed for a week, and the eyes had a bad brown and stomach was out of order," writes H. G. Smith of 125 South Tenth Avenue, Jackson, Wash. "I felt sluggish, did not care for anything, had no life, it was as though I had been struck by a very poor man. I read Dr. Pierce's Common Sense Medical Adviser and went right away and purchased two bottles of his Golden Medical Discovery, and before I had taken all of one bottle I felt better. If any doubt the truth of this testimonial they may write to me."

Dr. Pierce's Pleasant Pellets cure bad constipation and colic, cure nearly every disease of man and child. They regulate, tone up and invigorate Stomach, Liver and Bowels.

**Making Insurance Maps.**  
In making insurance maps certain features are considered essential, and the growth of the system has proved itself wisdom and changed them only as regards the amount of detail that has been incorporated. Of first importance were the colors to show the different materials used in the construction of a building. Naturally red seemed a proper color to signify brick and yellow to signify wood. These colors have always been employed for these materials. Other colors have been added from time to time, thus blue for stone, gray for iron, etc.

In fixing signs and characters for such details as stairways, fire escapes, dumb waiter shafts, etc., a principal object was to make them plain and distinct. They must be easily understood by an underwriter without reference to any key or marginal footnotes.

This object has been carried out, with the result that when these insurance maps are examined by an insurance man today each sign or character has such an individuality of its own that it can be easily distinguished and is not confused with another—Cassier's Magazine.

**The Word "Fudge."**  
"Fudge" is a word with a history. There are prosaic etymologists, as there always are, who derive it from a Gaelic word meaning deception, but Isaac Disraeli's view is much more interesting. He derives it from a certain Captain Fudge, who seems to have been a marine. Munchausen. "You fudge it" is said to have been his crew's equivalent to the modern "Bunk!" A collection of some papers of William Cronch, the Quaker, published in 1712 it is recorded that one Degory Marshall informed Cronch that "in the year 1664 we were sentenced for banishment to Jamaica by Judges Hyde and Twisden, and our number was fifty-five. We were put on board the ship Black Eagle. The master's name was Fudge, by some called Lying Fudge."—London Standard.

**The Leipzig Book Fair.**  
Leipzig is the largest publication center in the world. More books and periodicals are printed there than anywhere else, and more people are engaged in making and using printers' supplies than in London, New York, Berlin or Paris. Many of the orders for these publications come from England, France, Austria and other countries because the mechanical work can be done in Leipzig much cheaper than elsewhere. More than half of the transactions in books take place at the Leipzig book fair, which occurs every year at the jubilee, the first week in Easter, when booksellers and publishers from all parts of Germany assemble to compare and balance accounts and to make contracts for the next year.

**A Bawbee From Carlyle.**  
I used to see Carlyle when I lived as a child in Chelsea. I regarded him with extraordinary awe and fear. One day I was sent to post a letter. I suppose I was older, though unconscious, as always, of anything ahead. I enquired into Carlyle. The letter, laid me out on the pavement, where I yelled for some minutes, though soothed eventually by England's great thinker. And then this is the point of the story—Carlyle dived into his pockets, produced a halfpenny and said kindly, "Here is a bawbee for Bobby." I have the halfpenny to this day. When Mr. Carlyle died I was put into deep mourning. He was the first and perhaps the most interesting of all my street acquaintances.—Robert Ross in London Bystander.

**Self Reliance.**  
The spirit of self help is the root of all genuine growth in the individual, and, exhibited in the lives of many, it constitutes the true source of national vigor and strength. Help from without is often enfeebling in its effects, but help from within invariably invigorates. Whatever is done for men or classes to a certain extent takes away the stimulus and necessity of doing for themselves, and where men are subjected to overdependence and overprotection the inevitable tendency is to render them comparatively helpless.—Samuel Smiles.

**A Field at Home.**  
A Boston gentleman was showing a West African who is interested in missionary work a number of photographs. "What is this?" asked the visitor, gazing in wonder at one of them. "Oh, that's a snapshot taken during a football scrimmage at the stadium. But has your club no missionaries to send among these people?" was the quick rejoinder.—Boston Transcript.

**Cruikshank's Long Artistic Life.**  
In 1863 Cruikshank was asked by the committee who exhibited his "Worship of Bacchus" to associate with that work some of his early drawings in order to prove that he was not his own grandfather!—Chesson's "Cruikshank."

**Getting In Debt.**  
Poverty is hard, but debt is horrible; a man might as well have a smoky house and a scolding wife, which are said to be the two worst evils of our life.—Spurgeon.

**Pretty Poor.**  
Hicks—Bluffer is talking of purchasing an automobile. Wicks—Bluffer! Why, he couldn't buy a charge of ammunition for an air gun!—Boston Transcript.

A wise man should have money in his head, but not in his heart.—Dean Swift.

**Attacks School Principal.**  
A severe attack on school principal, Chas. B. Allen, of Sylvania, Ga., is thus told by him. "For more than three years," he writes, "I suffered indescribable torture from rheumatism, liver and stomach trouble and diseased kidneys. All remedies failed till I used Electric Bitters, but four bottles of this wonderful remedy cured me completely." Such results are common. Thousands bless them for curing stomach trouble, female complaints, kidney disorders, biliousness, and for new health and vigor. Try them. Only \$50 a bottle.

David Starr Jordan of Stanford University declares that the outlook for suffrage in California is splendid and states that we are going to have suffrage in California as well as in every other state in the union. Trading the reward of \$50, offered for his arrest, for a meal, William F. Adams, a deserter from Company I, Thirtieth United States Infantry, surrendered to a policeman at 114 K. M. He approached a policeman and said, "I'll give you \$50 for a square meal." When the officer offered to buy him food, he told him that he was a deserter, and that by arresting him, the former could collect the \$50 the Government offers for the arrest of all deserters.

All that is needed to afford relief is the free application of Chamberlain's Liniment. Give it a trial. You are certain to be pleased with the quick relief which it affords. Sold by all dealers.

Six four out of every 10,000 persons the world over are blind.

The last possibility that Robert E. Peary would receive at this session of Congress congressional recognition of his attainment of the North Pole vanished on March 4, when Senator Perkins, by a point of order, blocked the attempt of Senator Crane to have Peary's promotion provided for by an amendment to the naval appropriation bill.

Medicines that aid nature are always most successful. Chamberlain's Cough Remedy acts on this plan. It loosens the cough, relieves the lungs, opens the secretions and aids nature in restoring the system to a healthy condition. Sold by all dealers.

According to trappers returning from a winter in the mountains of western Colorado, deer in that part of the country are rapidly being exterminated by mountain lions. The trappers say they found hundreds of carcasses of deer that had been killed by lions.

**Warning to Railroad Men.**  
Look out for severe and even dangerous kidney and bladder troubles resulting from years of railroad riding. Geo. E. Bell, 639 Third St. Fort Wayne, Ind., has many years a conductor on the Nickel Plate. He says: "Twenty years of railroad riding left my kidneys in terrible condition. There was a continual pain across my back and hips and my bladder was frequent and most painful. I got a supply of Foley Kidney Pills and the first bottle made a wonderful improvement and four bottles cured me completely. Since being cured I have recommended Foley Kidney Pills to many of my railroad friends." Sold by L. S. Simmons.
